### FORM CRS

Accelerated Wealth Advisors LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to “retail” investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

#### **What investment services and advice can you provide me?**

We offer the following investment advisory services to retail investors: **Financial Planning Services and Portfolio Management Services.**

Account Monitoring: We monitor portfolios on a continuous basis and will conduct account reviews with clients (subject to client availability), at least annually.

Investment Authority: We manage investment accounts on a *discretionary* basis whereby **we will decide** which investments to buy or sell for your account. We have discretion to select, retain or replace third-party managers to manage your accounts. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer *non-discretionary* investment management services whereby we will provide advice, but *you will ultimately decide* which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: **The Firm has minimum account opening balances, which vary depending on the type of investments or portfolio being managed.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, and 8 by clicking this link <https://adviserinfo.sec.gov/firm/summary/170022> or [www.acceleratedwealth.com](http://www.acceleratedwealth.com).

#### **Key Questions to Ask Your Financial Professional**

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

#### **What fees will I pay?**

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable monthly in advance. Fees we receive are asset-based (i.e. based on the value of your account). The more assets there are in a retail investor’s advisory account, the more a retail investor will pay in fees, and the firm may therefore have an incentive to encourage the retail investor to increase the assets in his or her account..
- Fees for **Financial Planning and Consulting; Fixed or Hourly Fees.** We may waive the fee at our sole discretion towards portfolio management services when the client contracts for such services.
- **Other Advisory Fees** - In addition to our fees, you may pay Advisory fees charged by third party money managers, which are separate and apart from our fees.
- Clients pay the following additional fees and/or expenses as applicable: ETFs, Mutual Funds expenses, fees related to variable annuities, including surrender charges.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees and Account maintenance fees; Fees related to mutual funds and exchange-traded funds; Transaction charges when purchasing or selling securities; and Other product-level fees

associated with your investments.

*You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 by clicking this link <https://adviserinfo.sec.gov/firm/summary/170022> or [www.acceleratedwealth.com](http://www.acceleratedwealth.com).*

#### **Key Questions to Ask Your Financial Professional**

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.*

- ***Third-Party Payments:** Persons providing advice on behalf of our firm are registered representatives with a broker-dealer and/or licensed as independent insurance agents. These persons receive compensation in connection with the purchase and sale of securities, insurance or other investment products. Compensation earned by these persons is separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend investment products or insurance based on the compensation received rather than solely based on your needs.*
- ***Private Fund Fees:** We also provide advice to private funds who are charged fees including performance-based fees, a conflict of interest as we may favor private funds with higher paying fees over retail clients.*

#### **Key Questions to Ask Your Financial Professional**

- **How might your conflicts of interest affect me, and how will you address them?**

**Refer to our Form ADV Part 2A by clicking this link <https://adviserinfo.sec.gov/firm/summary/170022> or [www.acceleratedwealth.com](http://www.acceleratedwealth.com) to help you understand what conflicts exist.**

#### **How do your financial professionals make money?**

The financial professionals servicing your account(s) are compensated in the following ways: Salary, Bonus, and Product Sales Commissions when acting as a broker. Financial professionals' compensation is based on the amount of client assets they service and the revenue the firm earns from the person's services or recommendations. The bonus compensation paid to our financial professionals involves a conflict of interest because they have a financial incentive to refer clients to our firm.

#### **Do you or your financial professionals have legal or disciplinary history?**

Yes. Some of our financial professionals have a legal or disciplinary history. You may look at FINRA BrokerCheck or our ADV Part 2A Brochure for our disciplinary history. Also, please ask your financial professional if they have a disciplinary history and for what type of conduct. Please visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research your financial professionals.
